Reduced Water Notice for South Campbell River

The City of Campbell River is upgrading the watermain on Erickson Road to improve water pressure for residents in south Campbell River and is asking residents in the area to restrict all non-essential water use all day Thursday, June 11, 2009 and all day Friday, June 12, 2009.

People in the Willow Point area south of Rockland Road and Area D are asked to assist by refraining from:

- watering lawns
- washing vehicles
- any non-essential water use

The City will post reminder notices in the south Campbell River area and thanks people in advance for their cooperation.

Questions or concerns should be directed to the City of Campbell River Operations at 250-286-4033.
