

Councillor Mary Storry

Born in London, England and raised in Toronto, Mary Storry “went west” in 1976 and discovered Campbell River. Since 1980 Mary and her family have lived in several British Columbia communities.

Prior to being elected to Campbell River council in 2005, Mary was a School Board Trustee in the Queen Charlotte Island School District, a Director in the Bella Coola Arts Council, Director for a Summerland Youth Program, former Rotarian, member of the Advisory Board for Okanagan University-College and a long term Economic Development Commission Director in Penticton.

Mary’s professional background has been airline management and airport marketing related. In 2002, she and two partners launched Peach City Management, an events planning and marketing group, in Penticton. Elected to Penticton City Council in that year, she served to represent the Industrial Development Area, the Downtown Revitalization Committee and the Economic Development Commission.

Mary returned to Campbell River to join the travel industry. She and Bruce have two grown children and enjoy travel, boating and those never-ending home improvement projects.
