City of Campbell River 2011 Woodstove Exchange Program

VOUCHER CHECKLIST

It is the responsibility of the voucher holder to ensure that the terms below have been verified. A \$250 cheque will be issued ONLY upon receipt of a signed checklist with a tracking number.

VERIFICATION

- Existing wood burning appliance is in use for heating and does not conform to CSA B415.1 (or) EPA emission standards. (Picture taken by retailer and submitted with voucher prior to installation of new appliance. If new stove is not installed by retailer, a picture of the old appliance must still be taken).

Signature: _____ Date: _____

- Installation of CSA B415.1 (or) EPA approved wood burning appliance completed. (Resident is responsible for all necessary installation permits and/or inspections). A copy of the purchase receipt and a copy of the WETT-certified technician's installation or inspection report of the stove and chimney assembly must be submitted with the rebate voucher. For gas installations, please note the gas permit number
- Old woodstove is decommissioned and recycled (to be verified and photographed by retailer).

Signature: _____ Date: _____

If you have any questions about the exchange process or voucher, call:

250-286-5711

email: terri.martin@campbellriver.ca,
or talk to a participating retailer.
