

ENVIRONMENTAL ADVISORY COMMITTEE

MEMBER PROFILE: PETER WOODS

The City of Campbell River's Environmental Advisory Committee makes recommendations to Council on environmental matters concerning water, land and air. The committee is made up of community members with the unique skills and knowledge to provide Council with thoughtful and comprehensive advice.

Peter Woods currently sits as the Chair of the Environmental Advisory Commission and represents the general public at large. He attended Royal Roads University's Graduate School in Environment and Sustainability. His research focused on Atlantic salmon aquaculture and the dynamics with First Nations culture. Peter has worked as a park warden, habitat Biologist and environmental coordinator. He is currently the Parks Coordinator for the Strathcona Regional District. He is also a Director of the Greenways Land Trust. Peter believes that forging strong relationships with community members will foster sustainable outcomes.
