

HELP SHAPE THE FUTURE

Make your point. Be heard. And help serve your City.

Five community-minded people are needed to fill appointments to the Advisory Planning and Environment Commission:

- one position for a one-year term from April 1, 2015 to March 31, 2016
- one position for a two-year term from April 1, 2015 to March 31, 2017
- three positions for three-year terms from April 1, 2015 to March 31, 2018.

Bring your ideas, your experience and your expertise in:

- Sustainability, conservation and environment
- Development industry
- Member at large

The APEC provides policy advice and recommendations to Council, on various issues related to long range planning (OCP), land use and development planning, permitting and development application processes, transportation planning and environmental and sustainability issues.

Information and applications are at City Hall or at www.campbellriver.ca under Your City Hall - Advisory Committees and Commissions – Advisory Planning and Environment Commission.

Apply today! Deadline is 4:30 p.m. Wednesday, April 8th.

Questions? Please contact Tracy Bate, Deputy City Clerk at 250-286-5705 or email tracy.bate@campbellriver.ca

WHAT A WEEK! CONGRATULATIONS ON COMMUNITY CONTRIBUTIONS!

Last week, City Council members attended a number of community events.

We extend great appreciation to:

- Volunteers who support fundraising events for community enhancement
- Local artists who add immense value to community culture
- Young Professionals of Campbell River, whose community leadership is revitalization in action
- Local business owners who keep the entrepreneur spirit thriving

These are just a few examples of local residents working to build an even better place to call home.

The list of invitations to upcoming events promises much more activity from many, many people.

**THANK YOU, EVERYONE,
FOR ALL YOU DO FOR CAMPBELL RIVER!**

Ask Luke

Handle with Care!

Before you cut vegetation, trim trees or undertake any activity on a steep slope check with staff in Development Services to ensure your actions do not destabilize the slope and cause a dangerous situation. You can also call us at 250-286-5726 or check out the City website at www.campbellriver.ca/planning-building-development.
