

# City Currents

COMMUNITY UPDATE MARCH 8, 2017

## REFRESH DOWNTOWN CAMPBELL RIVER

The City of Campbell River is hosting an

### OPEN HOUSE

regarding proposed changes to

Street Entertainer Regulation Bylaw No. 3515, 2013.

**WHERE: Campbell River Community Centre.**

**WHEN: Thursday, March 16 4:30 to 6:30 p.m. (drop in)**

The proposed amendments to the bylaw will be one of many steps towards animating and revitalizing Campbell River's downtown. Drop in to view the proposed changes and provide valuable feedback.

To see what Refresh Downtown is all about, watch our new video on the City's YouTube page here: <http://goo.gl/vGfPCG>

For further information email [refresh@campbellriver.ca](mailto:refresh@campbellriver.ca) or contact the Community Planning and Development Services Department at (250) 286-5727.

## WATER DISTRIBUTION SYSTEM FLUSHING

### Notice to the water users in the Campbellton area

The City will flush water mains from February 27 to March 10, 2017 from 8 a.m. to 4 p.m. in the Campbellton area.

This procedure is part of regular preventive maintenance to remove sediment that gradually deposits in the water pipes.

During the flushing process, temporary water interruptions will occur and water pressure could be reduced. City staff will work to minimize any inconvenience.

**No change in water quality is anticipated, and this work presents no health risks.**

Periods of discoloration may take place during flushing. Reducing water use during flushing hours will help minimize the amount of sediment and discoloration introduced into household systems.

In the event of cloudy or discoloured water, **run cold water from a bathtub tap for 15-20 minutes** or until the water clears.
