

WESTGATE WATERMAIN UPGRADE PROJECT

FALL 2011

Hwy 19A to Galerno Road

On Time and On Budget!

Project Overview

Work under this project included the renewal of approximately 675 linear meters of watermain originally installed in the 1950s. In general terms the work included the installation of new pipes, valves, fitting and service connections to all properties on Westgate Road from Highway 19A to Galerno Road. Highland Engineering and Surveying Ltd. completed the detail design in August of 2011 and in October of 2011 Wacor Holdings Ltd. completed the construction phase.

Funding for the Project

The project was delivered for \$711,579 against the approved budget of \$806,525 and funded through the City's Water Capital funds.
