

Larwood/Erickson Sewer Upgrade News August 21, 2018

Construction Update

Windley Contracting Ltd. crews are underway. Here's what you need to know:

Construction is Underway!

Excavation work and new sewermain pipe installation is moving westward along Larwood Road towards Harrogate Road. Crews will remain in the area through September.

The contractor has encountered some very poor material during excavatin which has impacted his progress. We appreciate your continued patience as he works through this area.

Road Closures

Considerable disruption will continue along Larwood Road and will effect the intersection at Eardley Road. We recommend local traffic and pedestrians continue to obey traffic personnel. Further information about road access is posted with general project information updates on the City's website at:

<http://www.campbellriver.ca/city-services/capital-improvement-projects/current-projects/larwood-erickson-sewer-upgrade/overview>

Construction Impacts

During construction, on street parking will be impacted and may not be available in front of your home. As the contractor gets close to service switchovers, people living at all addresses along this route will be contacted in advance so as to ensure any disruption is minimized as your sewer service is switched from the old main to new.
