

Larwood/Erickson Sewer Upgrade News

July 30, 2019

Sewermain installation on Erickson Road

Here's what's new:

Construction

As part of this project, some residents may have noticed orange stakes in their yard; they represent the planned location of a new sanitary service connection. This location coincides with the existing service at the property line and will require excavation.

All efforts will be made to minimize impacts during excavation to landscaping and features; however, some disruption is unavoidable.

Traffic Management

Due to ground conditions, single lane alternating traffic is necessary through the construction zone. Please use alternate routes whenever possible as there is considerable disruption at times. Traffic control personnel will continue to safely guide vehicles and pedestrians through the construction zone.

Construction Schedule

Windley Contracting Ltd. is now working on Erickson Road moving westbound from Harrogate towards Fairmile over the next two (2) months. The contractor anticipates the work being complete by the Fall.

Thank you for your ongoing patience as the contractor works to complete this Capital Project.
