

Larwood/Erickson Sewer Upgrade News

December 13, 2019

Project Completion Notice

The project team would like to send out a big **thank you** to all affected residents for your continued patience over the course of the work. While crews worked to keep disruptions to a minimum, your understanding was appreciated during the road detours and closures.

The City plans to complete the final landscape restoration in the Spring. An inspection will take place and areas that did not winter well and require remedial work will be cleaned up. Grass seed and/or hydro seeding will take place with timing subject to weather.
