The Council of the City of Campbell River enacts as follows:

**PART 1: Title**

This bylaw may be cited for all purposes as the City of Campbell River Planning Procedures Bylaw No. 3266, 2006.

**PART 2: Amendments and Issuance**

This bylaw shall apply to the following:

2.1 Amendments to:
   a. The Official Community Plan, and
   b. The Zoning Bylaw

2.2 Issuance of:
   a. Development Variance Permits;
   b. Development Permits;
   c. Temporary Commercial and Industrial Use Permits;
   d. Applications to the Board of Variance;
   e. Applications for subdivision;
   f. Applications to the Agriculture Land Reserve Commission; and
   g. Applications for liquor license.

2.3 Amendments to or discharge of a Land Use Contract.

2.4 Applications for Latecomers Agreements

**PART 3: Applications**

3.1 All applications shall be made by the owner of the land involved or by a person or company authorized in writing by the owner, to be referred to hereinafter as the applicant.

3.2 All applications shall be made to the Community Planning and Development Services Department of the City of Campbell River on the applicable form.

3.3 In accordance with Section 920.1 of the Local Government Act, the City may require development approval information regarding anticipated impact on such matters as:
   a. transportation patterns including traffic flow,
   b. local infrastructure,
   c. public facilities including schools and parks,
   d. community services, and
   e. the natural environment of the area affected.

3.4 All notification for Official Community Plan amendments, Zoning Bylaw amendments, and applications for a Development Variance Permit must be mailed or otherwise delivered by the City to the owners of all properties within a 100 metre radius of the lot lines of the land involved under an application. Property owners will be responsible for
notifying tenants or occupiers. Replace with your text

3.5 In the case of applications to amend an Official Community Plan or a Zoning Bylaw, the applicant is required to hold a Neighbourhood Public Meeting prior to presentation of the application to Council for consideration of 1st and 2nd reading. The applicant is required to present the minutes and results of the Neighbourhood Public Meeting to the Community Planning and Development Services Department not less than one week prior to the presentation of the application and bylaw(s) to Council for consideration of 1st and 2nd reading.

a. **Neighbourhood Public Meeting** is a meeting held by the owner/applicant to discuss and answer any questions relating to the proposed development or project at a location that will be suitable to accommodate and provide information to all adjacent land owners within 100 metres of the limits of the subject land under consideration.

3.6 In the case of applications for a Development Variance Permit or a combined Development Permit / Development Variance Permit, the applicant is required to hold a “Neighbourhood Public Meeting” prior to the Community Planning and Development Services Department sending out notification. The applicant must present the results of the Neighbourhood Public meeting to the Community Planning and Development Services Department prior to Council’s consideration of approval.

3.7 In the case of applications to amend an Official Community Plan, a Zoning Bylaw, or applications for Temporary Commercial or Industrial Use Permits, the applicant shall be responsible for erecting a Development Proposal Sign to the specifications outlined in Schedule “C” attached herein, and forming part of this bylaw.

3.8 In the case of an application to amend a Zoning Bylaw, Council may waive requirements for holding of the public hearing in accordance with the provisions of Section 893 of the Local Government Act: a) where the proposed zoning amendment conforms with the applicable Official Community Plan policies; and b) no significant objections or issues as determined by Council were received at the Neighbourhood Public Meeting.

3.9 For approval of Development Permits, Council herein delegates approving authority in accordance with Section 920 of the Local Government Act to the City Manager or General Manager of Operations on the advice of the Manager of Community Planning and Development Services (or their alternate) to approve and issue all minor Development Permit applications. Council will retain the approving authority for major Development Permit applications but herein delegates authority to the General Manager of Operations or City Manager to administer any conditions and to issue a permit once all precedent conditions have been satisfied.

a. **Minor Development Permits** – includes all multiple family residential applications containing less than 10 dwelling units in total, the subdivision of land, natural resource preservation, local convenience stores and commercial and industrial applications for less than or equal to 92.9 square metres (1000 square feet) floor area. Development permit requests for new buildings or additions for less than 92.9 square metres floor area on the City’s airport property may be incorporated into and processed in conjunction with the lease agreement.
b. **Major Development Permits** – includes all commercial and industrial development greater than 92.9 square metres (1000 square feet), all multiple family residential development for 10 or more dwelling units, development permits involving a variance, and all phased development applications where the total development is in excess of (a) above.

**Sec. 3.10 added Jun/15 bylaw 3576**

3.10 Council herein delegates approving authority in accordance with Section 920 of the Local Government Act to the City Manager or General Manager of Operations on the advice of the Manager of Community Planning and Development Services (or their alternate) to approve amendments to Major and Minor Development Permits and issue revised Permits (including any necessary adjustments to permit conditions and/or performance security), where such amendments are minor in nature and interpreted to be consistent with the spirit and intent of the Official Community Plan. This delegate is hereafter referred to as the “Approving Authority”.

**3.11 section replaced Oct/18 bylaw 3705, Dec/18 bylaw 3724**

3.11 When the City receives Cannabis Retail Store licence application referrals the City will mail notices to surrounding property owners within a 100-metre radius of the limits of the subject land under consideration, delivered at least 10 days before consideration by Council. At the meeting, Council will consider submissions by staff and written comments from members of the public and will provide comments and recommendations that:

a. take into account the location of the proposed store;
b. are in writing;
c. include the views of the City on the general impact on the community;
d. include the view of the residents and the method used to gather the views; and

e. recommend whether the application should be approved or rejected, and the reasons for the recommendation.

3.12 Amendments to or discharge of existing Land Use Contracts (LUC’s), requests shall be processed in conjunction with an associated zoning bylaw amendment, where feasible. Otherwise, where not feasible, the amendment or discharge of an existing LUC shall be processed the same as a zoning amendment including the hosting of a public meeting “like a public hearing”, including required notifications i.e. see items (4), (5), (7) and (8) above.

**Sections added: 3.13-3.20 Jun/15 bylaw 3576**

3.13 The Approving Authority may require submission of performance security as a condition of issue of a permit, in accordance with s.925 of the Local Government Act and in accordance with the following guidelines:

Security should represent 125% of the sum estimated cost (excluding GST) of all applicable elements a) through to n) below:

**3.13.1 LANDSCAPING**

a. Planting specimens and materials

b. Irrigation systems and connections
c. Hard landscaping elements including, but not limited to: pavers, walkways, trellis structures, water features, decorative elements and artwork;
d. Site grading works associated with the performance of landscaping
e. Labour

3.13.2 AVOIDANCE OF HARM TO ENVIRONMENTALLY SENSITIVE AREAS (ESA)

a. Works (materials and labour) required to reduce impact to the ESA during construction, including but not limited to: temporary fencing, erosion and sediment control measures, site grading, materials;
b. Environmental monitoring during works or construction by the applicant’s Qualified Environmental Professional (QEP) or others as may be prescribed, and any required reporting during that time;
c. Post implementation/construction reports, activities, and QEP visits;
d. Revegetation/restoration plans, materials and labour;
e. Post revegetation/restoration monitoring and reports;

3.13.3 AVOIDANCE OF UNSAFE CONDITIONS

a. Materials and labour associated with any required structures, including but not limited to: retaining walls, stormwater pumps, drainage systems, site grading, reinforcement structures;
b. Materials and labour associated with any other activities, including but not limited to: vegetation planting or clearance, construction of fire breaks;
c. Monitoring during construction/implementation by an Engineer or other professional as may be required;
d. Post implementation/construction reports, activities and professional visits.

APPLICATION AND RETURN OF SECURITY

3.14 Following confirmation by an applicant’s landscaper/QEP/engineer of completion of all works, monitoring and activities in substantial accordance with approved plans and reports, an owner may request return of the security. A partial return may also be requested after the completion of certain works or activities, where a portion of security may be retained by the City to cover outstanding works, post-implementation monitoring/reporting, etc.

3.15 A phased return of security as per (14) above shall not be subject to more than three separate transactions and no single transaction shall represent less than 20% of the initial security. The Approving Authority shall not be obliged to agree to a partial return of security, but will not unreasonably deny such requests where a permit and all conditions have been fully complied with throughout the period of implementation. If the City’s cost of completing or correcting works for which a security has been submitted is not reimbursed in full by the security, the balance is a debt due and owing to the City by the Owner.

3.16 Where security is provided for vegetation planting/landscaping, the City may withhold 20% of the original security for a period of up to two years following certification of the
completion of works, to address any planting failures and ensure the work has been demonstrated to function as intended. A final inspection by City staff must occur before the remaining 20% of the original security is released. For the avoidance of doubt, a withheld portion under this section is not considered to be a “transaction” for the purposes of section 15 above.

3.17 Where a QEP or Engineer’s report includes post-implementation follow-up work and/or monitoring is required, the City may withhold the relevant component of the security for the maximum term indicated by the QEP or Engineer, but not exceeding five years. For the avoidance of doubt, a withheld portion under this section is not considered to be a “transaction” for the purposes of section 15 above.

3.18 In applying a security to correct breaches of permit conditions, the City will give a minimum of 10 calendar days’ written notice of its intent to commission works or activities, except in cases where either hazardous conditions or harm to the natural environment are considered by the City to be likely and imminent. “Written notice” includes notice by email.

3.19 Where security is required as a precedent condition of issue of a permit, such security shall be submitted in full within four weeks of the date a permit is approved. The City shall thereafter be entitled to cancel the permit if security has not been submitted.

3.20 Where a permit lapses without any works having been commenced, the owner shall be entitled to a full return of any associated securities submitted.

**PART 4: Development Application Fee**

Upon the submission of an application for a bylaw amendment, a permit, renewal or amendment of a permit, or to the Board of Variance, the applicant shall pay the City of Campbell River an application fee in the amount set out in Schedule ‘A’ attached herein, and forming part of this bylaw. Any refunds applicable shall be made in accordance with Schedule ‘B’ attached herein, and forming part of this bylaw.

**PART 5: Process**

The City of Campbell River must, in accordance with Section 895 of the Local Government Act, consider every application for:

a. an amendment to an Official Community Plan Bylaw, or Zoning Bylaw; or

b. the issue of a permit under Part 26 of the Local Government Act that requires a resolution of the City of Campbell River Council.

The following is a general outline of the process for each application type. When applications are referred to internal departments and external agencies, a maximum of three calendar weeks are provided for return of comments. Otherwise, if response is not received, or request for additional time received, within the allotted 3-week period, the City will assume their interests are unaffected. SCHEDULE “B”
REFUNDABLE AMOUNTS & RETURN OF PERFORMANCE SECURITY

Refunds

1. Development Fees that are refunded prior to the file/application circulation are eligible for the cost of the Development Fee less 10% for administration.

2. Development Fees that are refunded after circulation and prior to Community Planning and Development Services Department report to Council (or Approving Authority) for consideration are eligible for the cost of the Development Fee less 30% for administrative costs.

3. If at any point it is determined that despite an application for a Development Permit having been made, a Development Permit is not required for the full works proposed within the application, Development Permit Fees are refundable in full.

4. Development Fees that are refunded at or after Council has completed 1st and 2nd reading of a bylaw but prior to scheduling of the public hearing are eligible for the cost of the Development Fee less 60% for administrative costs.

5. If Council waives the holding of a Public Hearing in accordance with s. 893 of the Local Government Act, and carries out statutory notification instead, an applicant is eligible for a refund of $250 (+ tax) of the Public Hearing fee.

6. No development fees will be refunded after an application has had a public hearing or the public notification has been completed.

7. Subdivision applications that are withdrawn after circulation but before the issuance of Preliminary Subdivision Review are eligible for the cost of the Subdivision Fee less 30% for administrative costs.

8. Subdivision fees are non-refundable after a Preliminary Subdivision Review has been issued.

Return of Performance Security

1. Development permits and any associated performance security are transferable with property. Purchasers of property subject to ongoing development permit requirements should be aware of these requirements.

2. Performance security will be refunded to the current property owner, which may be different from the person or company who applied for a permit and/or paid any performance securities.

3. It is a property owner’s responsibility to request return of securities once conditions have been met.
SCHEDULE “C”
DEVELOPMENT PROPOSAL SIGN REQUIREMENTS

For Applications to Amend the Official Community Plan, Zoning Bylaw, and for Temporary Commercial and Industrial Permits

Specifications: These requirements and a Development Proposal Sign Format Sheet will be attached to applications for amendments to the Official Community Plan, Zoning Bylaw, and to applications for Temporary Commercial and Industrial Permits. The Notice of development sign(s) shall be a minimum of 1.8 metres × 1.2 metres (6 feet × 4 feet) in size and constructed of 1.3 cm (1/2 inch) plywood or other durable material with a dark blue background and white lettering. It will include a Site Map that is white with dark blue or black highlights. Lettering will be in a legible sans serif font with:

- Headings and sign copy not less than 7.62 cm (3 inches) in height.
- Map lettering not less than 3.8 cm (1.5 inches) in height.
- Adjacent land uses to the subject property are to be indicated on the plans.

Where the sign is mounted on a building, it must be unobstructed from the street, and the bottom edge shall be a minimum of 122 centimeters from the ground.

Locations: The notice shall be posted in a location unobstructed to view from the street:

(a) no further than six metres from the property line abutting a street; and
(b) where property abuts two or more streets, excluding lanes, a sign shall be posted no further than six metres from each abutting street or alternatively from the intersection point of the two streets at a 45 degree angle; or
(c) where placement of a required sign on a property is not feasible, the notice may be posted on an abutting road right of way, subject to approval by the City of Campbell River.
Timing: The sign(s) must be posted no less than 14 days before an application’s first scheduled appearance before Council.

Posting: It is the responsibility of the applicant to make, buy, or rent the sign(s) and to post the same, maintaining them in good condition. Failure to install the sign(s) according to these requirements will result in a postponement in the processing of the application. Signs must not be removed until an application has been either determined or withdrawn.

*Note: City-initiated map amendments involving multiple properties, and text amendments affecting multiple properties, are exempt from requirements to install development proposed signs.
