New Advisory Commission Members Appointed

The City of Campbell River has confirmed new advisory commission membership.

The following appointments to commissions were made October 20, 2009.

Kevin Mills was appointed the interim Community Advisory Commission representative to the Strathcona Gardens Commission.

To fill a vacant position, Council also appointed Dave Atkinson to serve on the Development Advisory Commission for the remainder of a three-year term ending March 31, 2012.

"We are very pleased to have these positions filled, as Council relies on the volunteers on the City's commissions to provide recommendations over the term of their service," says Mayor Charlie Cornfield.
