Help Shape the Future of Robron Park

You can help shape the future of Robron Park by reviewing and sending feedback on two new options for development on this site.

“These options are based on earlier designs, and they’ve been revised based on feedback from the first workshop with the public in August,” explains Ross Milnthorp, the City’s General Manager of Parks, Recreation & Culture.

“We encourage people to provide comments and help us provide the best facility for the community,” Milnthorp emphasizes.

The City of Campbell River presented these new options September 16 at its second workshop for stakeholders interested in the Robron Park site design.

The options and a response form can be viewed on the What’s New section of the City of Campbell River website (www.campbellriver.ca).

Please send feedback to LANARC, the landscape designer hired to design the park upgrades, by Wednesday, Sept. 23.

For more information call the Parks Office at 250-286-7275.
