### **Boat Ramp open house Mar. 20 invites public input**

Now is your opportunity to help shape upgrades to Campbell River's Big Rock boat ramp.

The City of Campbell River invites members of the public to attend an open house Wednesday, Mar. 20 from 7 to 9 p.m. at the Sportsplex, Room 2.

*"Campbell River residents have been looking forward to ramp upgrades at Big Rock boat ramp, and two conceptual designs for the project will be presented at the open house,"* says Lynn Wark, the City's parks project supervisor.

Upgrade possibilities for the Big Rock boat ramp include replacement of the ramp, improved parking, public washroom, lighting and fish-cleaning station. Also under consideration is integration of McAllum Park into the ramp area improvements and the potential for overflow parking at 921 Island Highway.

Come on out and help shape the future of this important feature on Campbell River's waterfront.

For more information, please call the Parks Department at 250-286-7275.
