

## Media Release

April 12, 2013

---

### **Next session of City's free building and development forum April 17**

The next one-hour lunch 'n' learn session for local builders and developers will occur Wednesday, Apr. 17, focusing on the City's building permit system.

Learn the process and its purpose from plan review to final inspection as the City's building inspectors present information about "the why, what and how" of single family and commercial building permitting processes.

*"We'll also talk about the need for certificate of title, surveys, owner's acknowledgement security, and more,"* says the City's land use services manager Ross Blackwell.

Local industry professionals interested in attending are reminded to bring their own brown bag lunch, and reserve a spot by calling the Land Use Services at 250-286-5725.

The forum will take place at noon, Wednesday, Apr. 17 in the Rivercorp boardroom at Enterprise Centre beside City Hall. Seating is limited to 25 attendees.
