

## News Release

February 13, 2014

---

### **Open house on proposed boundary extension – Feb. 27 at Ocean Grove Elementary**

Area D residents and property owners will be able to learn more about a proposed boundary extension and sewer service offer at an open house February 27 at Ocean Grove Elementary.

The open house event will take place from 5 to 8 p.m. at the school, located at 3773 McLelan Road.

The open house will give the City's consultant, Urban Systems, an opportunity to gather public feedback on the draft proposal to extend the boundary and offer sewer service in the northernmost portion of Area D.

The draft proposal is currently under review by the Strathcona Regional District, and feedback from the public and the regional district will be incorporated into a final proposal for City Council review. The final proposal will be shared through more public information sessions and newsletters to ensure people are making an informed choice when they decide whether or not they want to join the City of Campbell River.
