

News Release

March 8, 2017

Spring rec guides delivered this week, registration begins March 14

Keep an eye out for Campbell River's spring recreation guide, delivered in the Mirror newspaper March 10. Then, get ready to register!

"Lots of great programs are being offered this spring, and we're giving people a couple days to review the guide and mark your favourites before registration opens," says recreation and culture supervisor Michele Sirett. *"Once we have online registration in place later this year, the guide will continue to be delivered a couple days in advance of registration."*

The only exception to the new registration timing this spring is for the very popular Sprock Kids program. Registration for Sprock Kids will begin March 11.

For more information, contact call the Sportsplex at 250-923-7911 or the Campbell River Community Centre 250-286-1161.
