

# DALTON ROAD WATERMAIN UPGRADE SUMMER 2013

Dalton Road between Hilchey Road and the southern limit

***On Time and On Budget!***

## Project Overview

This project involved the renewal of approximately 650 lineal metres of watermain. The work included installation of a new watermain, valves, fittings and new service connections to all of the adjacent properties. The area of work was on Dalton Road from Hilchey Road to the turn around at 2317 Dalton Road.

Highland Engineering and Surveying Ltd., based in Campbell River, completed the detail design. The project was publicly tendered in April 2013 with the tender being awarded to Palladian Development Inc., of Nanaimo, BC.

Construction was complete in August of 2013.

## Funding for the Project

The project was funded through a combination of the City's water operating accumulated surplus fund, borrowing and was part of the approved 2013 budget. The project was delivered on time and with a final cost of \$616, 260 against an approved budget of \$673, 930.
