

PAINTER, BARCLAY AND GARFIELD ROADS WATERMAIN UPGRADE Summer 2019

On Time and Under Budget!

Project Overview

Work under this project consisted of installing approximately 920 lineal meters of PVC watermain, water services, hydrants and some drainage culvert replacements on Painter Barclay and Garfield roads.

These upgrades are part of a three (3) year watermain upgrade project approved by City Council at several locations throughout Campbell River.

Design was completed by the City's Capital Works and Water Departments. The construction contract was publically tendered and awarded to Knappett Industries Ltd.

Construction was complete in September 2019.

Funding for the Project

Budget was approved in the 2019 Capital Plan and was funded through water reserves. The project was delivered on time with a final cost of \$555k.
