

LIFT STATION #11 UPGRADE PROJECT

SUMMER 2016

Under Budget!

Project Overview

Work under this project included upgrades to sanitary Lift Station #11 in order to provide more efficient operation of the pumping system. This included the addition of variable frequency drives and expanded pump capacity allowing the system flows to be better managed and thereby smoothing out the delivery of sewage to the treatment plant.

RFP 766 for design services was awarded to RB Engineering Ltd. and McElhanney Consulting Services Ltd. with Tender 15-48 for construction being successfully delivered by Ridgeline Mechanical Ltd.

Funding for the Project

The project was funded through the sewer reserve as per the approved 2016 Capital Plan. The final total cost of design and construction works associated was \$517,000 against the approved budget of \$575,000.
