

**SEWER CONSTRUCTION  
STARTING ON HWY 19A**

A new sewer line will be installed along Hwy 19 A between Maritime Heritage Centre and 1st Ave – crews are getting started now at the north end of the route. The work replaces old pipes and will increase capacity so Campbell River can grow.

What you need to know:

- Two-way traffic will be maintained as much as possible
- Roadside parking will be unavailable in the areas crews are working
- The pipe will be installed on the west (uphill) side
- Traffic patterns may change as work progresses.

Please drive slowly and watch for flaggers and signage to keep everyone safe. Work will continue to October this year. Find out more about the project at [www.campbellriver.ca/waterfrontsewer](http://www.campbellriver.ca/waterfrontsewer)

**Great  
Communities  
Start Here**

**Summer is  
roadwork  
season.**

**Please drive  
carefully.**

Experience the electric energy and atmosphere at the CR Live Streets events.
