With children heading back to school after the long weekend, please keep an eye out for kids along roadways.

Safety tips for children walking to school with or without adults:

- Only cross the street at an intersection and use a route where the school has placed crossing guards.
- Walk young children to school for at least the first week to ensure they follow a safe route.
- Accompany children taking new routes or attending new schools.
- Arrange walking to school with a friend or classmate.
