INCREASE YOUR HOME'S ENERGY EFFICIENCY AND SAVE MONEY

The City is offering a \$350 top-up, in addition to rebates available through the CleanBC Better Homes Program and BC Hydro. Take advantage by switching from a fossil fuel heating system (oil, natural gas, or propane) to an electric air source heat pump. Rebates will be approved on a first-come, first-serve basis while funding lasts. For more information, visit

betterhomesbc.ca/rebates/campbell-river-heat-pump-top-up
or call 1-844-881-9790.

Find resources on energy efficiency and reducing your household environmental impact at the City's Power Down webpage:

call 250-286-1161

TEMPORARY WATER PRESSURE DECREASE

On **Wednesday, November 23**, City water crews will repair a primary water main. During the repair, areas of the City – particularly those in higher elevations – may notice a drop in water pressure. **There is no need to report a drop in water pressure during this time.**

To help lessen the strain on the water system, conserve water.

Only run the dishwasher or washing machine when full, take shorter showers and don't run the water continuously when brushing your teeth or washing your hands.
